

# INCUBIS

ENERGY SYMBIOSIS VIRTUAL INCUBATOR IN THE CLOUD

## IDENTIFY

### Industrial Symbiosis Project Management (ISPM) Tool

#### Density map

- Density heat map
- Showing sink & source companies
- Provides an indicator of potential heat exchanges in a given radius.

#### Waste Heat Potential

- Map of potential Offerers & Requesters of heat waste in a given radius.

## ASSESS

### Energy Symbiosis Opportunity Screening (ESOS)

#### Ranking/ Matching tool

- Ranking of best potential
- Energy Symbiosis partners based on fulfilled parameters

### Energy Symbiosis Assessment (ESA)

#### Tools for energy synergy techno-economic evaluation and assessment

- Projects
- Synergies
- Dashboard
- Messages

## REMOVE BARRIERS

### Energy Symbiosis Tendering (EST)

#### Best Practices

- Showcases best practices

#### Funding Portal

- Funding portal that collects information on available investments
- Tendering interface for investors.

### Energy Symbiosis Training & Mentoring (ESTM)

#### E-training & remote mentoring

- Webinars
- Forum
- Events
